Briefing of Activity

Workshop on Referencing Style: APA

Referencing is about acknowledging the ownership of resources used in your academic writing, and provides information necessary to identify and retrieve the work cited in the text. APA referencing style is an author-date referencing system published by the American Psychological Association. There are two components in the APA referencing style: in-text citations and their corresponding reference list entries. With anything that you have read, used and referred to in your academic writing, you must:

acknowledge **in text** (i.e. in the work / assignment/ essay you are writing)

Include in your **reference list** (i.e. the list at the end of your work of all the sources you refer to).

This year the College has organized 'Workshop on Referencing Style- APA' under the aegis of MoU between Library, Rajarshee Shahu Science College, Chandur Rly. and K.R.C. (Library) Indira Gandhi Kala Mahavidyalaya, Ralegaon dated 26th April 2023 at Rajarshee Shahu Science College Chandur Rly.
